JOB PRINTING OF ALL KINDS

FOR A PROGRESSIVE HOBART

The Hobart Chamber of Commerce is an organization of Hobart Businessmen and Professional people, dedicated to the task of building a bigger and better city, to making our city more attractive and to serving the community in it's many fields of endeavor.

The Hobart Chamber of Commerce has long recognized the need for the expansion of it's industrial development. The enrichment of it's community life, depends largely upon the degree of advancement realized from industrial development. The formation and organization of the Chamber of Commerce Industrial and Commercial Division is directed to this task.

The extremely rapid rate of population increase in Hobart demands close attention to such matters as taxation, governmental affairs, traffic, highways, schools, city planning and solicitation controls.

The publishers earnestly request the bringing to their attention of any inaccuracy so that it may be corrected in the next edition of the Directory.

R. L. POLK & CO., Publishers

INTRODUCTION

and GENERAL INDEX

R. L. POLK & CO., publishers of more than 1,000 city, county, state and national Directories, present to subscribers and the general public, this, the 1962 edition of the Hobart City Directory, which also includes residents on the surrounding rural routes. This is the first Polk Directory of Hobart and is completely standardized according to the policies and practices of the Association of North American Directory Publishers.

Confidence in the growth of the community's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting the community to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, had been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Hobart City Directory will fulfill its mission as a source of authentic information pertaining to the city.

Five Major Departments

The five major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department, printed on goldenrod paper, and contains the advertisements of leading manufacturing, business and professional interests of Hobart. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Hobart, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

II. THE CLASSIFIED BUSINESS DIRECTORY is the second major department, printed on canary paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such, it plays an important part in the daily activities of the commercial, industrial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

III. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the third major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Hobart, and the name, official personnel, nature and address of each firm and corporation in the city.

IV. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE. is the fourth major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

V. THE NUMERICAL TELEPHONE DIRECTORY is the fifth major department, printed on blue paper.

Municipal Publicity

The Directory reflects the achievements and ambitions of Hobart, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of the community. There are more than 1,000 of these Directory Libraries, installed and maintained in cities and towns throughout the U. S., Canada and Puerto Rico through the courtesy of members of the Association of North American Directory Publishers, under whose supervision the system is operated and of which R. L. Polk & Co. is a member.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

R. L. POLK & CO.,
Publishers.

HOBART

"WHERE PRIDE AND PROGRESS MEET"
(Courtesy League of Women Voters of Hobart)

Statistical Review

Form of Government—Mayor-council. Incorporated as a city in 1922.

Population—18,680 (1960 U. S. Census). American-born, 90 per cent.

Area—9 square miles.

Altitude—620 feet above sea level.

Climate—Average temperature, January, 23.3 degrees F.; July, 72 degrees F. Average annual rainfall, 37.5 inches.

Parks—5.

Assessed Valuation—\$17,376,545.

Bonded Debt—\$143,000.

Financial Data—2 branch banks. One building and loan association, with assets of \$10,500,000.

Postal Receipts—\$116,000 (1961).

Churches—17, representing 12 denominations.

Trade Area—Retail area contains population of 60,000.

Newspapers—2 weeklies.

Railroads—3: Pennsylvania; Nickel Plate; Elgin, Joliet & Eastern.

Highways—U. S. 6; State 51.

Amusements and Recreation—One movie theatre, seating 600. 2 golf courses.

Education—6 public schools and 2 parochial schools. Number of pupils in public schools, 4,076; teachers, 169.

City Statistics—Total street mileage, 87.5. Number of light meters, 6,009; gas meters, 5,152. Fire department has 8 regular men, with one station and 5 pieces of motorized equipment. Police department has 15 men, with one station and 5 pieces of motorized equipment.

History

Hobart was founded in 1847 by George Earle when the Government Post Office was moved to this site. Earle laid out the plat of the town along the banks of Deep River and named the new community after his brother who had gone to Australia.

The new town was located on the Chicago-New York stagecoach route, then used extensively by the Forty-Niners in the California Gold Rush.

The damming of Deep River for use of a grist mill made Hobart a commercial center for farmers, and in 1858 the community had the distinction of being the first railroad center in Lake County. By 1870, Hobart was described as "having the air of a city." Its population was 500, and in addition to the railroad it had the finest hotel and the

county's only art gallery. Brick-making was then the largest industry. The first bank was established in 1884.

The first organized religious congregation in Hobart was that of the Augustana Lutheran Church, which is celebrating its centennial in 1962. Other early-established churches were the Methodists, 1869; Unitarian, 1872; Trinity Lutheran, 1873; and St. Bridget's, 1875.

The first town board was organized in 1889, and the first city government, in 1921.

Government

Hobart became a fourth-class city in 1950. The city government consists of a mayor, seven councilmen, a city clerk-treasurer and a city judge, elected every four years in odd-numbered years immediately preceding presidential election years. Hobart is divided into five councilmanic districts, with one councilman elected from residents in each district and two at large. The council meets in the city hall on the first and third Wednesday of each month.

The city council elects a bi-partisan school board, consisting of five members, who serve staggered three-year terms.

The City operates a modern sewage-disposal plant and is currently expanding the treatment facilities as well as following a long-range plan in the construction of new sewer lines, expected to reach the west, south and east boundaries of the community within four years.

Hobart's city council recently adopted a master plan, prepared by the Purdue-Calumet Foundation, for the planned growth of the community. New ordinances have set aside desirable sections for light industry, and an industrial foundation has been established to facilitate the coming of such to the community. A new distributing center for a large milk company was established in the newly-zoned area in the spring of 1961.

Other recent ordinances have provided high standards in home construction and property use which protect the high level of community life prevalent in every section of the city.

Residential Features

Hobart is a scenic, sprawling community which bridges a gap between large industry and rural tranquility. The majority of the citizens gain their livelihood in the Calumet industries to the north and west of Hobart, but prefer to raise their children under the leisurely influence of the open acres to the south.

Sixty years older than its giant neighbor, Gary, Ind., Hobart remains a proud and individualistic town, although its population has doubled in the past dozen years. Few communities have blended their love of tradition with the needs of progress as well as has Hobart in recent years. This is a community where an old-fashioned parade can start up on the slightest excuse, but not a tear will be shed for a building that must come down to provide downtown shopping.

Residential property ranges from the modest, well-groomed bungalow to the highest-priced, modern executive home. Visitors frequently comment on the beauty of the

individual yards in Hobart, there being virtually no sub-standard dwellings or neglected properties in the community.

Traffic-safety and fire-protection records in Hobart are outstanding among Indiana cities, and good utilities are available. The Gary-Hobart Water Corp. furnishes water, and the Northern Indiana Public Service Co. furnishes gas and electricity. The General Telephone Co. of Indiana recently completed a new dial service center in the community.

Public Library

The Hobart Public Library building was erected in 1915 following fund-raising efforts of the Hobart Woman's Club and aided by a Carnegie Foundation grant. It was established as a township library and subsequently became a part of the Lake County Library system.

Recreation

Lake George is the focal point for the scenic and recreational activities of Hobart. Lake View and Fred Rose parks lie along two shores of the lake, and area parks also have been established. The lake is used for boating, fishing and skating, and a rustic scout cabin on the north bluff is the recreation center for hundreds of Hobart boys and girls.

The City Ball Park is located on 8th St., west of Lincoln. Hobart's Little League Park, at 8th and Lake Park, is considered one of the finest in Indiana, and basketball and baseball activities are enjoyed through cooperation of various local groups with the school system facilities. Hunting in the marshes south of Hobart and sledding in the ravines are followed by many residents.

In addition to numerous women's and men's clubs and service organizations, Hobart has a Youth Center Organization; a Conservation Department gun club; an active Izaak Walton organization, with clubhouse on the lake accommodating many worth-while activities; a Players Guild theatre group, and a boat and ski club. One of the most recent organizations to be established is the Hobart Y.M.C.A. The "Y" recently purchased the former telephone company building to house its activities, which serve all ages. The Hobart "Y" is now a branch of the Gary area Y.M.C.A. Many Hobart young people also take part in C.Y.O. activities, provided by the Gary Catholic Diocese.

Newspapers

Two weekly newspapers, the Hobart Gazette, published in the city, and the Hobart edition of the Herald Newspapers, published in nearby Merrillville, serve the Hobart community. The Gary Post Tribune and Chicago daily papers also have a large local circulation.

Transportation

Gary Intercity Line, Inc., serves the Hobart-to-Gary route, with 25 round trips daily.

Public transportation to Chicago is provided from Gary via the South Shore Illinois Central system, and two trips daily are provided for commuters via the Pennsylvania system.

Most commuters to the Chicago metropolitan areas use the Indiana Toll Road system, which joins the Chicago Skyway route into the heart of Chicago, or the Tri-State system, which joins the Illinois Toll Road.

Both of these routes are easily accessible to Hobart drivers.

Commuters to the industrial areas use U. S. No. 6, which bounds the north edge of Hobart, or U. S. No. 30, which parallels U. S. No. 6, two miles south of Hobart. State Highway No. 51 runs north and south through the community, and State Highway No. 130 runs southeast from Hobart to Valparaiso. (See Statistical Review for names of railroads.)

Schools

Enrollment in the Hobart public schools in 1961 was 4,076, with 169 teachers. Four elementary schools, grades one through six, are located in centers of residential population. Lake Shore is a special school for retarded children. A new elementary school is contemplated for the near future, and will be located in the Wilson St. area (west center). The Junior High School (7, 8, 9) is situated at 4th and New Streets, and the High School (10, 11, 12) is on 8th St. The superintendent of Schools and Director of Pupil Personnel have offices in the Administration building at 655 E. 4th St.

Hobart High School, accredited by the North Central Association of Secondary Schools and Colleges, has long been noted for its high scholastic standards and prominence in sports and music. The band, organized by Wm. D. Revelli in 1925, has won national recognition.

There are two parochial schools, St. Bridget's Catholic, located on Main St. (center), and Trinity Lutheran, at 9th and Linda Streets (south), serving grades one through eight.

Kindergartens are conducted in various churches, with both morning and afternoon sessions.

A program of adult education is carried out in winter night school and summer, with a limited number of classes offered to high school students in the summer.

Hobart is six miles from the campus of Indiana University, Gary Center, and 20 miles from Valparaiso University and Valparaiso Technical Institute. Purdue University and St. Joseph's College have extension programs in nearby cities.

CAUTION

T Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

POLK'S HOBART CITY DIRECTORY 1962

Including Rural Route Residents

Copyright, 1962, by R. L. Polk & Co.

For List of General Abbreviations see opposite page

EXPLANATION

Wives names are listed with husbands, the name of the wife is shown in parenthesis following the husband's as follows: Gregory Richd M (Mary L).

In case of a widow by death, wherever possible the name of the deceased husband is shown in parenthesis as follows: Gregory Mary L (wid Richd M).

The occupation and place of employment is listed as follows: Gregory Richd M (Mary L) slsmn Starr Clothing Co.

Names in heavy type denote advertisers in this City Directory.

Ownership or co-ownership of a firm is indicated by showing the individual's name in parenthesis following the firm name, as follows: Carson Grocery Co (Geo B and Paul N Carson).

A firm name enclosed by parenthesis indicates ownership or co-ownership by the individual whose name precedes, as follows: Carson Geo B (Carson Grocery Co).

The head of the house is indicated by h preceding the street address, other members of the family and roomers are indicated by r preceding the street address.

CAUTION

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

POLK'S HOBART

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

1962

Copyright, 1962, by R. L. Polk & Co.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.)

(This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

CASHIERS! TELLERS! CLERKS!

*Do your employers furnish you with the
latest edition of the City Directory?*

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

POLK'S HOBART NUMERICAL TELEPHONE DIRECTORY 1962

Copyright, 1962, by R. L. Polk & Co.

Due to the necessity of frequently changing telephone numbers assigned to users, we suggest that you verify this information by referring to your local telephone book to see if any changes have been made since this Directory was compiled.
